To Whom It May Concern

Re: Loewke & Brill Consulting Group

I am pleased to provide this letter of reference and recommendation for Mike Loewke and the Loewke & Brill Consulting Group. I have worked closely with Mike Loewke on several large surety claims, and I can personally attest to his professionalism, knowledge, and practical skills which were invaluable in addressing and resolving the claims. Mike brings a unique perspective to surety claims, and works well with obligees, subcontractors and claimants. I was also impressed with Mike's ability to quickly and cost-effectively reach favorable resolution of complex disputes and claims.

Please consider retaining Mike and Loewke & Brill Consulting Group in future surety and construction claims.

Very truly yours,

Gary M. Case
