***Professional Experience:***

**Loewke Brill Consulting Group- Sr. Claim Consultant in charge of the Plumbing/Piping Division 2010 to Present**

I have been with Loewke and Brill since I retired in 2010. I am a Sr. Consultant in charge of the Plumbing/Piping Division. I also provide construction claim mitigation services on a consulting basis to surety companies. I travel to locations across the country to deal in construction project recovery and completion.

Duties to include monitoring existing and new contractors, closeout paperwork, management meetings, supervising personnel, office management, and dealing with claimants. I also provide services to contractors and public owners. Duties to include reviewing documentation and developing affirmative action claims, and direct involvement and support to demonstrative aids development team.
